SkyNova Airlines
Passenger Care and Compensation Policy

Document CX-02 | Version 3.1 | Effective 1 March 2026

About SkyNova Airlines. SkyNova Airlines (IATA code NV) is a full-service carrier founded in 2009 and headquartered in Madrid, Spain. Its main hub is Madrid-Barajas (MAD), with a secondary base at Barcelona-El Prat (BCN). SkyNova operates a fleet of 44 aircraft on 26 routes to 22 destinations in Spain, Europe, North America and Latin America, and carried 7.9 million passengers in 2025. Our promise: *"Every journey, cared for."*

1. Our commitment

At SkyNova we know that a disrupted journey affects plans, family and work. This policy explains what we will do for customers when a flight is delayed, cancelled or overbooked, or when baggage is delayed, damaged or lost. It applies to all flights operated by SkyNova (NV flight numbers). As a European Union carrier, SkyNova applies Regulation (EC) No 261/2004 on **all** its flights, including flights departing from outside the EU. In addition, SkyNova offers voluntary goodwill gestures that go beyond the legal minimum (the **SkyNova Care Promise**, section 6).

Golden rule for our agents: first make sure the customer can reach their destination (rebooking and care), then explain compensation. Always give the customer a case reference and a clear next step.

2. Distance bands

Compensation amounts depend on the great-circle distance of the flight. The table below shows the band for every SkyNova route.

3. Flight delays

3.1 Right to care (meals, refreshments, hotel)

When a flight is expected to depart later than the scheduled time by at least the thresholds below, SkyNova provides meals and refreshments, two free communications (phone call or email) and, if an overnight stay becomes necessary, hotel accommodation and transport between the airport and the hotel.

Band	Departure delay that triggers care	Meal voucher (short wait)	Meal voucher (more than 4 h wait)
A (up to 1,500 km)	2 hours or more	€12	€25
B (1,500 - 3,500 km)	3 hours or more	€15	€25
C (more than 3,500 km)	4 hours or more	€20	€35

Vouchers are issued automatically in the SkyNova app and by email, and can also be collected at the transfer desk. They can be used in most airport restaurants at MAD and BCN. At other airports, customers who were not given vouchers may buy reasonable meals and claim reimbursement (see section 8).

3.2 Compensation for long delays

Customers whose flight **arrives** at its final destination **3 hours or more** after the scheduled arrival time are entitled to compensation according to the distance band (€250 / €400 / €600), unless the delay was caused by extraordinary circumstances (section 5). For band C flights with an arrival delay of between 3 and 4 hours the compensation is reduced by 50% (€300). The arrival time is the moment at which at least one aircraft door is opened.

3.3 Delays of 5 hours or more

If a delay reaches 5 hours, customers who decide not to travel may obtain a full refund of the unused part of the ticket (and of already-used parts if the journey no longer serves any purpose), together with a free return flight to the point of origin when relevant.

4. Cancellations and denied boarding

4.1 Cancellations

When SkyNova cancels a flight, customers may choose between (a) a full refund within 7 days, (b) rerouting to the final destination at the earliest opportunity, including on partner airlines or by train (Renfe AVE for Spanish domestic routes where available), or (c) rerouting at a later date of their choice, subject to seat availability. Care is provided while waiting for the rerouted flight.

When the customer was informed	Compensation is NOT payable if the alternative flight...
14 days or more before departure	Compensation never payable
Between 7 and 13 days before departure	departs no more than 2 hours earlier AND arrives less than 4 hours later than originally scheduled
Less than 7 days before departure	departs no more than 1 hour earlier AND arrives less than 2 hours later than originally scheduled

4.2 Overbooking and denied boarding

SkyNova first asks for volunteers. Volunteers receive a travel voucher of €300 (band A), €450 (band B) or €700 (band C), plus a confirmed seat on the next available flight, meals and, if needed, a hotel. If there are not enough volunteers, customers denied boarding against their will receive the full compensation for their band immediately at the airport (€250 / €400 / €600), reduced by 50% if the alternative flight arrives within 2 hours (band A), 3 hours (band B) or 4 hours (band C) of the original schedule. Priority to keep their seat is given to unaccompanied minors, passengers with reduced mobility and their companions, and Horizon Platinum members.

4.3 Downgrading

If a customer is placed in a lower cabin than the one booked, SkyNova refunds 30% (band A), 50% (band B) or 75% (band C) of the ticket price for that flight within 7 days, plus the difference in any ancillary products not received.

5. Extraordinary circumstances

Compensation (sections 3.2, 4.1) is not payable when the disruption was caused by extraordinary circumstances that could not have been avoided even if all reasonable measures had been taken. Right to care, refund and rerouting **always** apply.

Usually extraordinary (no compensation)	NOT extraordinary (compensation payable)
Air traffic control restrictions and ATC strikes	Technical faults discovered during routine maintenance
Severe weather incompatible with safe operation	Strikes by SkyNova's own staff (pilots, cabin crew)
Bird strike, lightning strike	Crew shortages or sickness
Security risks, airport closures, political instability	Late inbound aircraft caused by a non-extraordinary event
Medical emergencies and unruly passengers forcing a diversion	Ground handling delays at the hub

A delay that is 'reactionary' (caused by the late arrival of the previous flight on the same aircraft) follows the cause of the original delay. Our agents can see the official delay code of any NV flight in the operations system and must share the reason with the customer in plain language.

6. SkyNova Care Promise (voluntary, beyond EU law)

For disruptions **within SkyNova's control**, we offer the following goodwill gestures automatically, without the customer having to claim. They do not reduce any legal compensation.

Situation	Domestic & Europe	Long-haul
Arrival delay 60 - 119 minutes	1,000 Horizon miles	2,000 Horizon miles
Arrival delay 120 - 179 minutes	€25 travel voucher	€60 travel voucher
Cancellation with rebooking on a flight the next day	€50 travel voucher + free lounge access	€100 travel voucher + free lounge access
Seat not available as purchased (paid seat)	Seat fee refunded + 500 miles	Seat fee refunded + 1,000 miles
Wi-Fi purchased but not working	Refund + 300 miles	Refund + 500 miles

Customers may choose to receive their legal compensation as a SkyNova travel voucher worth **120%** of the cash amount (for example €480 instead of €400). This is always optional and the voucher may be converted to cash at

any time during its 12-month validity.

7. Baggage irregularities

Situation	Deadline to report / claim	What SkyNova offers
Delayed bag	PIR at airport; written claim within 21 days of receiving the bag	Interim expenses up to €50 per day for a maximum of 5 days (€250) with receipts. Gold and Platinum: €75 per day. Free delivery of the bag to the customer's address.
Damaged bag	PIR at airport, or written claim within 7 days	Repair through our partner network, or replacement value considering depreciation (10% per year of age, maximum 60%).
Lost bag	Bag declared lost after 21 days of search	Compensation for proven value up to the Montreal Convention limit of 1,519 SDR (approximately €1,850) per passenger.
Pilfered contents	Written claim within 7 days	Assessed with receipts; valuables in checked bags not covered (see CX-01, s.7).

Interim expenses cover essential items such as toiletries, underwear and basic clothing. For sports equipment or a delayed stroller, SkyNova covers reasonable rental costs instead of the daily allowance.

8. How to claim and reimbursement limits

- Claims can be submitted up to **5 years** after the flight (Spanish limitation period).
- Customers do not need to use a claims agency; SkyNova never charges a fee for processing compensation.

9. Escalation

If a customer is not satisfied with our answer, they can ask for a review by the SkyNova Customer Relations Office (answer within 15 days). After that, customers can contact the national enforcement body; for flights departing Spain this is AESA (Spanish Aviation Safety and Security Agency), or use the alternative dispute resolution entity to which SkyNova adheres.
