Document CX-04 | Version 5.0 | Effective 1 January 2026

About SkyNova Airlines. SkyNova Airlines (IATA code NV) is a full-service carrier founded in 2009 and headquartered in Madrid, Spain. Its main hub is Madrid-Barajas (MAD), with a secondary base at Barcelona-El Prat (BCN). SkyNova operates a fleet of 44 aircraft on 26 routes to 22 destinations in Spain, Europe, North America and Latin America, and carried 7.9 million passengers in 2025. Our promise: *"Every journey, cared for."*

1. Programme overview

SkyNova Horizon is the free frequent flyer programme of SkyNova Airlines. Members earn **Horizon Miles** on SkyNova flights and with partners, and climb through four tiers: **Blue**, **Silver**, **Gold** and **Platinum**. Membership is free and open to anyone aged 2 or older. The programme had 1.3 million active members at the end of 2025.

2. Earning miles on SkyNova flights

Horizon Miles = flown distance in kilometres x fare multiplier x (1 + tier bonus). Distances are those published in the Route Network Guide (document OPS-05). Miles are credited within 72 hours after the flight.

Fare family	Multiplier	Example MAD-LHR (1,246 km)	Example MAD-JFK (5,770 km)
Economy Basic	0.25	311 miles	1,442 miles
Economy Classic	1.0	1,246 miles	5,770 miles
Economy Flex	1.5	1,869 miles	8,655 miles
Premium Economy	1.75	n/a	10,097 miles
Business	2.5	3,115 miles	14,425 miles

Tier	Tier bonus on miles
Blue	0%
Silver	+25%
Gold	+50%
Platinum	+100%

Example: a Gold member flying MAD-JFK one way in Economy Flex earns 5,770 x 1.5 x 1.5 = 12,982 miles (miles are always rounded down to the whole mile).

A minimum of 500 miles is credited for any flight (except Basic fares). Missing miles can be claimed up to 6 months after the flight with the booking reference and boarding pass.

3. Tiers and qualification

Tier status is based on **Tier Miles** earned in a calendar year (January-December). Tier Miles are the miles earned from flights before the tier bonus; partner miles, purchased miles and promotional miles do not count. Alternatively, members can qualify by number of SkyNova flight segments. Status earned is valid until 31 March of the second year (e.g. status earned during 2026 is valid until 31 March 2028).
