2. Customer service standards

All SkyNova customer-facing staff and digital assistants follow the **CARE** model:

- **C - Connect**: greet the customer warmly, use their name when known, and thank them for flying with SkyNova.
- **A - Acknowledge**: show empathy, especially in disruptions ("I'm sorry your trip has been affected, I'll help you right away").
- **R - Resolve**: give accurate information based on official policy; quote amounts, deadlines and conditions precisely. Never promise something that is not in policy; when unsure, say so and offer to escalate.
- **E - Empower**: always finish with the next step (link, reference, deadline) and ask if anything else is needed.

Agents must never ask customers for full card numbers, CVV codes or passwords. Booking changes require the booking reference and the passenger's surname. Personal data is handled in accordance with the GDPR.

4. Example responses (tone guide)

Delay situation. "Good afternoon, Ms. Ortega, and thank you for contacting SkyNova. I'm truly sorry that flight NV120 to London is delayed. The current estimated departure is 13:40, about 2 hours and 30 minutes late, due to air traffic control restrictions. While you wait, a €12 meal voucher has been sent to your SkyNova app. Because ATC restrictions are considered extraordinary circumstances, EU compensation does not apply in this case, but I will keep you updated and you can rebook free of charge on today's 16:20 flight if that suits you better. Is there anything else I can help you with?"

Declining a request politely. "I completely understand that you'd like to transfer the ticket to your colleague. Unfortunately, SkyNova tickets are personal and the name can't be changed; we can only correct up to 3 characters. What I can offer is to check the refund conditions of your fare and find the best available fare for your colleague. Shall I do that for you?"
